

Appendix 2Q.1

Sample Estimation Chart

On a large piece of paper or on the board, draw a table similar to the one shown below. For each estimation activity, students write their name and their estimation on a sticky note and stick it in the appropriate box of the table.

<div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Nushin</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Samuel</div>	<div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Joël</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Nathan</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Rosa</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Pierre</div>	<div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Kwan</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Ming</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Grégoire</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Hélène</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Daniel</div>	<div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Noémie</div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 5px;">Rita</div>
5 - 10	11 - 15	16 - 20	21 - 25

If the activity aims to estimate a large number of objects, make columns corresponding to the appropriate number ranges.

1 - 50	51 - 100	101 - 150	151 - 200
