

# Appendix 3Q.4

Name: \_\_\_\_\_

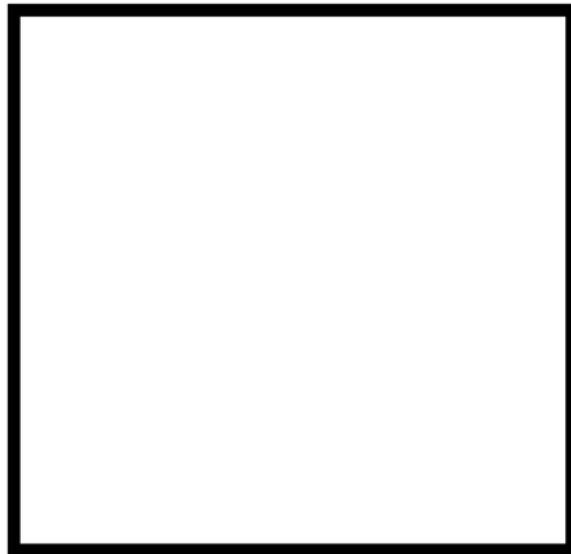

## The Great Cover-Up

Choose a pattern block to cover the shape.

Estimate how many of that pattern block it will take to cover the shape.

I chose to cover the shape with \_\_\_\_\_.

I estimate that I will need \_\_\_\_\_ of the chosen pattern block to cover the shape.

I needed \_\_\_\_\_ of the chosen pattern block to cover the shape.

Note: It is important to remember that this is an estimation activity. Therefore, the chosen pattern blocks may not exactly cover the shape.

### Think

How did you estimate the number of pattern blocks needed to cover the shape?

Was your estimation close to the actual number of pattern blocks needed to cover the shape?
